1. **Registration and Receipt of Tender Documents**

A copy of the documents of this tender can be obtained free of charge through the 'Sourcing Vision' system. For registration and receipt of a link to the System, please contact Mr. Itamar Tel-Or by e-mail: Itelor@mekorot.co.il and provide the following details: name of the requesting company, first and last name of the contact person, address, postal code, telephone number, cell phone number, e-mail address of the company and company number / authorized dealer number.

As a part of the registration process an e-mail with the Bidder's Username and Password and a link to the system shall be sent to the Bidders from the 'Sourcing Vision' system, to be used for access to the system and to the Tender Documents and in order to submit a Proposal via the system. Receipt of the tender documents must be confirmed by clicking on the text "Click for confirmation of the e-mail" appearing at the beginning of the e-mail. Messages and clarifications as and when required will be sent by Mekorot to the Bidder's e-mail as defined in the system.

In addition, as far as possible by taking into account emergency regulations currently in place and temporarily restricting freedom of movement, the Tender Documents can be viewed at the Purchasing and Logistics Unit located
Floor (Corridor C), by appointment t

Sunday to Thursday during normal business hours. The delivery of a copy of the tender documents is subject to the submission of details as above mentioned, for system registration.

2. **Thresholds**

The Bidders who have received the Tender Documents and who comply with all of the thresholds specified below, are permitted to submit their proposals, evidenced by presentation of the appropriate documents according to the specifications in this section:

2.1. The Bidder is a certified manufacturer of Pipe Assembly for Line Shaft Vertical Turbine Pumps and/or Pipe Assembly for Water Lubricated Line Shaft Vertical Turbine Pumps and/or Pipe Assembly for Oil Lubricated Line Shaft Vertical Turbine Pumps according to API 5L+API 5B Standards, OR a supplier who represents an Israeli manufacturer OR a foreign manufacturer (one which complies with the requirements above). If the Bidder is not the actual manufacturer, then it is necessary to enclose an approval from the manufacturer, stating that the Bidder is the representative of the manufacturer in Israel and is authorized to market the manufacturer's products. If the Bidder is a foreign manufacturer, the requirement is to have a representative in Israel approved by the manufacturer. Approval and particulars of the representative in Israel must be submitted.

2.2. For evidencing compliance with this threshold, the Bidder shall enclose a valid API certification for manufacture as specified in the Engineering Specification.

2.3. The Bidder for proposed Pipe Assemblies shall have proven experience in the supply of at least 600 Pipe Assembly units, of sizes 8"-14" in diameter, installed within the past 5 years, ending at the Submission Deadline outlined in this Tender. For the purpose of proving compliance with this threshold, The Bidder shall enclose a list of end-customers, including specifications for the supplied Pipe Assemblies, the sites where they have been installed, as well as contact persons and their positions, telephone numbers and e-mail addresses.

2.4. The manufacturer of the Pipe Assemblies must be ISO 9001 certified. For evidencing compliance with this threshold, please enclose a valid confirmation.

2.5. The Bidder is required to be an authorized trader who fulfills the duty of bookkeeping and tax payments as required by law. For the purpose of proving compliance with this threshold, the Bidder must attach to the proposal suitable and valid approvals in accordance with the Israeli Transactions of Public Entities Law, 1976, as follows: an authorized trader certificate, approval of management of account books and records pursuant to the Israeli Transactions of Public Entities Law, tax deduction certification, and an affidavit duly signed in the form enclosed to this tender as Appendix 1. This term applies only to an Israeli Bidder.

Submission of Proposals in the proceeding

In order to submit its proposal, the The bidder must be registered on the System in accordance with the instructions set forth above.

Deadline for the submission of proposals will be at 12 o'clock noon on the 9th of November, 2021.

Mekorot will notify those bidders who have received the Tender Documents of any change to the submission deadline.

Proposals received after the submission deadline set forth above, will not be accepted. A proposal not in the 'proposal box' (in the System) designated for this process by the submission deadline set forth above, for any reason whatsoever - will be disqualified and will not be considered.

Mekorot is not obligated to accept the cheapest proposal or any part of it or any proposal whatsoever and it reserves the right to decide on partial realization of a proposal or realization in stages, to engage with a single bidder or with a number of winning bidders or distribution of the order between several bidders. As such, Mekorot will be entitled to negotiate with those bidders whose proposals are suitable.

This notice has been published on Mekorot's website (http://www.mekorot.co.il) in the "Tenders" section
